That's what they all say the very first time they use "GETS-IT." It's because "GETS-IT" is so simple and easy to use—put it on in a few seconds—because there is no work or corn-feeling to do, no pain that shoots up to your heart. It gets your corns off your mind. All the time it's working—and then, that little old cornpeels right off, leaves the clean, cornpels right off, leaves the clean, cornpeels right off, leaves the clean, corn-free skin underneath—and your corn is gone!
